Dear Hiring Manager at Kaiser,

My name is Gianna Welsh and I am writing today to express my interest in your open position as a Fellow at your hospital. I am currently a fifth year resident at John Hopkins primarily working with Doctor Jennifer Sue Lawton, the Chief of Cardio here at John Hopkins. I hope you will consider me as a candidate for the position.

My experiences as an intern and resident at John Hopkins has allowed me to master the social skills required for patient needs, especially in hard times like these, as well as skills in reliability and efficiency. My desire to work at Kaiser stems from a genuine love for helping to better patients in and outside of my community.

Please review my attached resume for additional information. I am confident that given the opportunity, you would be pleased with my work ethic. I would love to be a member of the Kaiser team.

Thank you for your time and consideration.

Sincerely,

Gianna Welsh
